\$0

Cost to qualifying nonprofit/CBO clients via NuGrant

Who Is a Philanthropy Architect?

A Philanthropy Architect (PA) is not a salesperson, fundraiser, or consultant. A PA is a Kingdom-positioned professional — certified and credentialed by NuRevur Collective — who helps mission-driven organizations including nonprofits, ministries, churches, schools, and community enterprises design and implement sustainable funding ecosystems.

PAs operate at the intersection of three powerful disciplines:

- **Philanthropic Strategy** — aligning donor hearts with organizational vision
- **Revenue Architecture** — building systems that generate recurring, diversified income
- **Kingdom Purpose** — serving communities with dignity, generosity, and transformational impact

Important Distinction

PAs are not chasing leads. They are not cold-calling. They are not selling. They are being **invited in as trusted advisors**. This is made possible by the proprietary **NuRevur Engine** — the methodology that powers every NuRevur Collective PA engagement.

A Blue Ocean Opportunity — No Competition in Sight

There is no direct competition in this space. Here's why:

Traditional fundraising consultants charge high retainers, require long contracts, and focus on campaign-based giving. They do not build infrastructure.

Grant writers focus on a single revenue stream and are often reactive, not strategic.

Financial advisors serve donors, not organizations.

Philanthropy Architects — trained and credentialed by NuRevur Collective — serve the organization comprehensively: designing the entire giving ecosystem, training internal staff, implementing technology, and installing the NuRevur Engine as the sustainable backbone.

This is a **Blue Ocean** — a wide-open, uncrowded market where NuRevur Collective PAs operate without competition and with near-unlimited demand. The 1.8 million+ nonprofits in America alone represent a massive, underserved marketplace desperate for exactly what PAs provide.

“In a world full of consultants, NuRevur Collective has created something entirely different — a credentialed class of Philanthropy Architects who don’t compete. They lead.”

The NuRevur Engine — Where Selling Ends and Serving Begins

The NuRevur Engine is NuRevur Collective's proprietary methodology that powers every PA engagement. It transforms the traditional “ask” model into an invitation-based relationship framework.

How It Works

- Organizations are pre-qualified and self-selected — they come seeking help
- PAs enter as credentialed experts, not vendors
- The discovery process reveals needs; PAs simply architect solutions
- Proposals emerge naturally from conversation — there is no pitch, no pressure
- Clients say yes because the system is designed for them to recognize their own need

The NuRevur Engine is not just a philosophy — it is an **automated, technology-powered system** built into your Power Kit. It works for you between engagements, keeps relationships warm, and ensures your pipeline never requires cold outreach.

“NuRevur Collective PAs are never selling — they are fulfilling. The NuRevur Engine eliminates sales resistance, replaces it with genuine partnership, and creates a repeatable, scalable engagement model that works in every market, in every season.”

The Power Kit — \$47,000 in Perpetual Resources

Every Philanthropy Architect certified by NuRevur Collective receives the Power Kit — a perpetual resource library and operational toolkit valued at \$47,000. This is not a one-time asset. It is a living, growing infrastructure that supports every engagement for the entire lifetime of a PA’s career.

The Power Kit is what separates NuRevur Collective PAs from every other consultant in the marketplace. While others arrive with a presentation, PAs arrive with a complete professional system.

Power Kit Component	Purpose & Application
Proprietary PA Methodology Frameworks & Playbooks	Step-by-step engagement guides for every type of organization and funding challenge
Branded CRM	Your own client relationship management system, fully set up and branded for your PA practice
NuRevur Engine Access	The proprietary automation platform that powers your entire process and removes selling from the equation
Donor Intelligence & Stewardship Mapping Tools	Identify, understand, and cultivate donor relationships with precision and integrity
Revenue Diversification Architecture Templates	Ready-to-deploy frameworks for building multi-stream income systems for any organization
Nonprofit Diagnostic Assessment Suite	Structured tools to evaluate organizational health, funding gaps, and readiness for growth
Digital Marketing Materials	Professionally designed, ready-to-deploy marketing assets branded to your PA identity
Company Email	A professional NuRevur Collective-branded email address for all client communications
Digital Business Cards	Modern, shareable, and branded to your PA identity — ready to deploy from day one
NuRevur Engine Implementation Guides	Full deployment documentation for installing the NuRevur framework within any client engagement
Proposal & Engagement Presentation Systems	Professional, polished materials that communicate value and inspire organizational commitment
Kingdom-Aligned Impact Reporting Templates	Reports that honor the mission, celebrate outcomes, and deepen donor trust
Client Onboarding & Relationship Lifecycle Tools	Systematic processes for launching, sustaining, and expanding every client relationship
Ongoing Training	Continuous access to updated curriculum, workshops, and skill development throughout your career
Collective Team Access (NuRevur Collective Team Community)	Full membership in your peer network of PAs, leaders, and NuRevur Collective support staff
And Much More	The Power Kit grows with you — expanding as NuRevur Collective grows

Perpetual Toolkit Value

Total Perpetual Value: \$47,000 — fully included in your NuRevur Collective PA program.

This toolkit grows with you, serves every engagement you will ever have, and never expires.

The NuGrant — Zero Cost for the Organizations You Serve

As a Philanthropy Architect with NuRevur Collective, you are equipped with one of the most powerful tools in philanthropic consulting: **perpetual access to the NuGrant**.

The NuGrant is not a tuition discount for PAs. It is not a cash offer. It is something far more valuable — it is a **program-applied grant** that you, as a **PA**, can apply for on behalf of every nonprofit and community-based organization (CBO) you serve.

Here's How It Works

- When you engage a nonprofit or CBO as a client, you have the ability to apply for the NuGrant on their behalf
- When approved, the NuGrant is applied directly to that organization's program costs — keeping your services at zero cost for the organization
- This is not a cash transfer — it is a grant applied to eliminate financial barriers for the mission-driven organizations you serve
- As a PA, you carry this access perpetually — meaning you can offer the NuGrant to every nonprofit and CBO you work with, for the duration of your career

Why This Matters

The NuGrant removes one of the most common objections in organizational consulting: cost. When the cost barrier is eliminated for nonprofits and CBOs, conversations shift immediately from “can we afford this?” to “when do we start?” This makes you more effective, more welcomed, and more impactful — on day one and every day after.

The NuGrant Difference

This is another reason NuRevur Collective PAs don't sell. They serve. And the NuGrant is proof that NuRevur Collective is as committed to the mission as the organizations we support.

Your Investment — Extraordinary Value at an Accessible Price

Every Philanthropy Architect certified by NuRevur Collective receives the Power Kit — a perpetual resource library and operational toolkit valued at \$47,000. This is not a one-time asset. It is a living, growing infrastructure that supports every engagement for the entire lifetime of a PA’s career.

The Power Kit is what separates NuRevur Collective PAs from every other consultant in the marketplace. While others arrive with a presentation, PAs arrive with a complete professional system.

What You Receive	Market Value
PA Certification & National Credential	\$12,000+
Power Kit (Perpetual Toolkit — 16 components)	\$47,000
NuRevur Engine Access & Automation	\$15,000
Coaching, Community & Ongoing Support	\$8,000/yr
Kingdom Identity & Positioning Framework	Priceless
NuGrant Access (Perpetual — for all nonprofit/CBO clients)	Included
Total Program Value	\$82,000+

Your Investment

Financed Option: \$4,000 — flexible payment plans available; ask about financing options

One-Time Payment: \$3,500 — save \$500 when you pay in full

“This is not a course. This is not a certification mill. This is a fully architected career transformation — delivered by NuRevur Collective — at a fraction of its actual value.”

A Credential That Opens Every Door

Upon completing the NuRevur Collective Philanthropy Architect program, graduates receive a **nationally recognized credential** that:

- Establishes immediate professional authority
- Opens doors to nonprofits, ministries, foundations, and civic organizations nationwide
- Positions the PA as a certified expert — not an apprentice, not a volunteer
- Creates a permanent professional identity that can be built upon for decades
- Is backed by NuRevur Collective's growing national reputation and track record

The credential is the key that unlocks organizational trust on day one of every engagement. When you walk in as a **Certified Philanthropy Architect**, you walk in as a peer — not a vendor.

This Is More Than a Career — It's a Kingdom Calling

The Philanthropy Architect calling is rooted in Kingdom purpose. Every PA certified by NuRevur Collective operates with the understanding that:

- Money follows mission — when mission is clear, generosity flows
- Organizations that thrive give communities life — PAs multiply impact exponentially
- They are stewards, not sellers — their role is to honor the organizations and donors they serve
- This work matters eternally — the funding systems built today will sustain Kingdom work for generations

NuRevur Collective PAs are not motivated by commission alone. They are motivated by calling. And that makes them uniquely effective — because they believe deeply in what they do.

“You don’t have to choose between purpose and income. NuRevur Collective was built for people who refuse to settle for either alone.”

Is This You?

Ministry Leaders & Pastors

Create financial sustainability for your church or ministry while serving other organizations too

Nonprofit Professionals

Step into a higher-impact, higher-income role with a proven methodology behind you

Consultants & Coaches

Add a credentialed framework and national positioning to your existing practice

Business Professionals

Put your relationship skills and professional experience to work for mission-driven organizations

Educators & Social Workers

You understand community need — now you can fund the solutions

Anyone Called to Build

If you see the gap and want to close it, NuRevur Collective has a place for you

No Fundraising Background Required

You do not need a fundraising background to become a Philanthropy Architect. You need a generous heart, a professional posture, and a willingness to be trained. NuRevur Collective will handle the rest.

The PA Life — What It Looks Like in Practice

Working with 3–5 organizational clients at any given time

- Generating \$75,000–\$150,000+ in annual income
- Building a reputation as the go-to philanthropic strategist in your region
- Growing a referral network of grateful organizations who send new clients your way
- Leaving a legacy of sustainable, funded missions across your community
- Carrying the NuGrant into every engagement — making your services accessible to any organization regardless of budget
- Living out your calling — fully, professionally, and profitably

3–5

Clients / Active
engagement capacity
per PA

\$75K–\$150K+

Projected annual income range

Perpetual

Access to the Power Kit, NuGrant & NuRevur Engine

Your Calling Is Waiting — And So Are We.

“You were not built to sit in the stands. You were built to be on the field — architecting the funding systems that make Kingdom work possible. The organizations are waiting. The need is real. The credential is ready. The Power Kit is packed. The NuGrant is in your hands.”

“The only question is: are you ready to answer the call?”

Flexible investment options are available — finance your enrollment at \$4,000 or save \$500 with a one-time payment of **\$3,500**. The NuGrant, the Power Kit, and the NuRevur Engine are waiting for you.
